The expiration dates for each parameter are listed in the table above, for the State of Wyoming and all tribal public water systems in EPA Region 8. Certification will remain in effect for that period specified under the conditions that the laboratory remains accredited by the State of Utah for all of the above parameters, the laboratory follows the specified methods and that Water Supply Proficiency Testing samples are analyzed by the laboratory for each of the above listed parameters with acceptable results at a frequency of once per year.

If you have comments or questions please contact Marcie Tidd, Region 8 Drinking Water Laboratory Certification Program Manager, at 303-312-7764 (tidd.marcie@epa.gov).
